QUALITY FEATURES:

- Carcase and front are available in the 2 lacquer colours slate grey matt and crystal white matt.
- Open spaces are available in the oiled finishes oak rustico light, oak light, Colorado walnut, wild oak light soft brushed or Santana oak light.
- Optionally many open spaces are available with glass doors in parsol glass grey - open spaces on the side are available as open nooks, optionally with glass.
- For an airy look many standing items are available with an underframe in wood colour or alternatively in metal anthracite matt.
- All standing items have adjustable feet which can be adjusted from the inside.
- High-quality fittings are furnished with a soft-close mechanism.
- Drawers are equipped with a full pull-out.
- Metal handles are finished in stainless steel optic, alternatively they are available in anthracite matt at a surcharge.

- LED lighting creates an interesting lighting atmosphere, for the open spaces as well as ambient and underframe lighting only available with an underframe.
- All lighting can easily be operated with Touch-Light.
- The varied type list offers an extensive range of supplementary equipment, e.g. side and wall panels for individual shelf and wall units, a stacking media shelf for lowboards and a cable outlet in the top leaf with a plastic cover for hidden cable management.
- Special sizes (special width, height and depth) available on request.
- Individual room concepts with planning programme **furn plan**
- No special colours available!
- 5-Year-Guarantee according to the Quality Pass.
- Made in Germany.

Important notice:

The supplied fastening material (dowels and screws) is intended only for assembly of components to concrete or solid masonry walls. When assembling components to a wall please always adhere to the max. load values. The nature of the designated wall is ideally enquired during the order process and checked again before assembly by the assembly technicians. If the structure of the wall is deviating from solid structure (e.g. lightweight walls) a different, suitable attachment method is imperative. Clarify all electrical conditions for connection and device technology upfront. Freely hanging lightings need a solution with a duct channel on or below plaster. Furniture can not be used as room divider.
